

Leveraging Technology

A Coordinated Solution for Eviction Prevention and Utility Relief

The Atlanta Regional Collaborative for Health Improvement (ARCHI) launched the Rent, Mortgage, and Utility Relief portal and universal application in January 2023 to ease the inconvenience on applicants and reduce the administrative burden on agencies.

The common application and streamlined process automatically matches eligible residents with assistance, eliminating the need to contact multiple agencies and fill out duplicate paperwork. Partner agencies receive prescreened applicants.

Scan the code to access the application portal.

To join the portal as an organization or to learn more, please email info@archicollaborative.org

APPLICANTS

More than half of applicants are households with children facing housing-related needs. From **2023** through **2025**, there have been

70,604
total unique applications
after deduplication

60%
of all applicants with
children under 18 living in
the house

50%
of all applicants with a late
notice or eviction notice at
the time of application

WHAT THE NEED IS FOR

More than **8** in **10** unique applicants need housing relief. Over time

50%
of requests are
for rent

31%
of requests are for rent
and utilities

11%
of requests are for
utilities only

UNMET NEEDS

While **\$5.8** million has been distributed to **2,209** applicants over three years, there are not enough resources to meet most applicants' needs.

11%
of eligible clients
matched to an agency
with capacity

25%
of eligible, matched
applicants were
funded

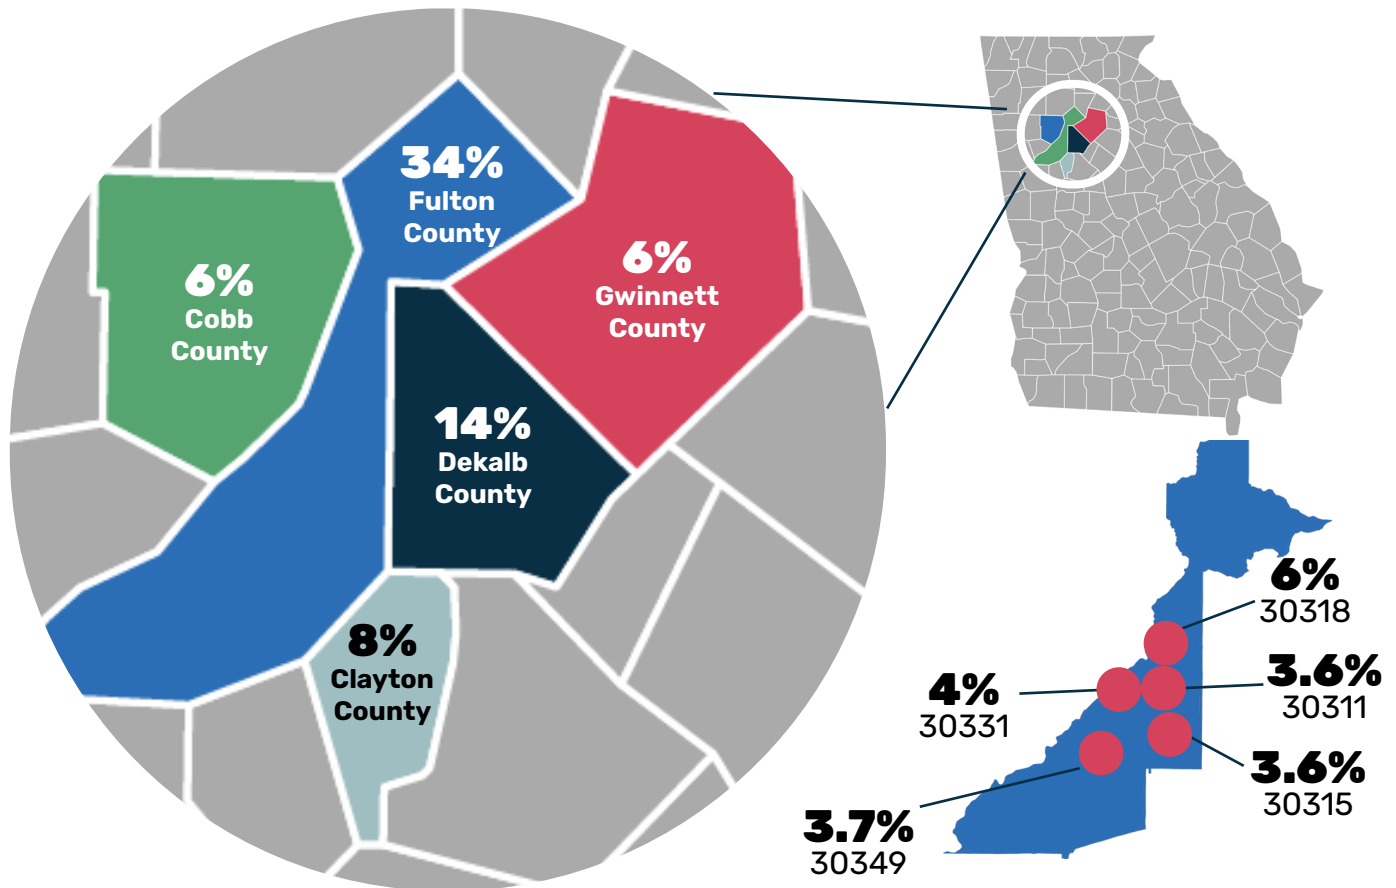

\$2,664
is the average
assistance per
funded applicant
